No. 297.—The following Government Order is published for information:—

READ—the following paper:—

Letter from A. Maclean, Esq., I.C.S., Deputy Secretary to the Government of India, Finance Department, to all Provincial Governments and Minor Local Governments, dated 10th August 1934, No. F/128-C.S.R.

[Subject.—Provision for verification of service.]

In order to minimise so far as possible delays in the issue of authority for payment of pensions, the Government of India have decided to adopt the following suggestions for modifications in the present procedure regarding the preparation and disposal of applications for pensions:—

(a) It will be permissible in future for officers taking leave preparatory to retirement to submit their formal application for pension on proceeding on leave if they specifically declare that they propose to retire at the end of their leave, and if the proposed date of retirement is definitely known. Such officers will verify the service wherever necessary and send their final report to the sanctioning authority who will ascertain the pension as soon as may be after the date of retirement of the officer.

(b) When an officer is appointed direct from the Army to an appointment from which he will ultimately retire on a civil pension, his military service should be verified forthwith and the details be handed over to the Civil Audit and Accounts office.

(c) The immediate verification of such military service should also be made in the case of such officers now in the service who have had previous military service, whether prior to taking up a civil appointment or during the Great War.

I am to request that with the approval of His Excellency the Governor in Council, steps may be taken to bring the revised procedure into force in the Madras Presidency.

Order.

Recorded.

2. The revised procedure regarding the preparation and disposal of applications for pensions contained in the Government of India's letter read above should hereafter be adopted in this Presidency.

3. No person will be allowed to bid at the auction unless he furnishes an authorized receipt of the \$100 (one hundred) at the time of sale in each depot and unless he signs his name in the note in reply to the acceptance of the conditions mentioned in that notice. No person will, however, be allowed to deposit and bid jointly at the sale.

The deposit of authorized bid will be returned to him at the conclusion of the sale.

4. The sales will be subject to confirmation by the Commissioner of Forests who does not bid himself in order to secure the highest or any bid. It is possible that the Commissioner of Forests will himself be present at the time of sale and the result of sale may, therefore, be announced on the spot.

5. Each purchaser shall, immediately after a lot is knocked down to him, sign his receipt for the sale lot in the manner provided for by statute. Such signature shall be held as an admission on his part of having bought the lot.

6. Immediately after the sale, each purchaser, if his offer has been accepted by the Commissioner of Forests for that lot, will be furnished with a statement showing the total amount due by him and shall pay 50 per cent of the same, less the amount deposited advanced to him, into any of the Government treasuries at Yellowknife or Repulse or Port of the Imperial Bank of Canada, at Yellowknife, payable to the Government of Canada, before the 15th January 1925 and the balance before the 1st March 1925 or before removal of the material purchased from the depot station, whichever is earlier.

7. Should any purchaser fail to make the payment as indicated above, on the day above, the material purchased by him will be resold at his risk, in the depot, made by him, to the Government, and any loss resulting from such resale recovered from him as if it were a sale of land revenue. Should, however, any profit arise by such resale, the purchaser shall not participate in it.

8. The purchaser will be allowed a reasonable time to remove the wood he has paid for; this will be fixed by the District Forest Officer with regard to the quantity purchased, but will be no more extended beyond the 15th March 1925, after which date the same will be sold for the full value of the wood and a loss will be incurred on the wood paid for which will be charged to him. The wood will be at the purchaser's risk from the date of weighing.

9. On presenting the check to the office in charge of the depot for the payment of value of the material purchased by each merchant, the wood will be weighed as it is, in the depot, in the presence of the purchaser or his authorized agent by an officer of the department not lower in rank than that of a Forest Officer. No further weighing or classification of the material will be undertaken by the Forest Department, nor will purchasers be allowed to check any wood previous to weighing. The classification, quantity and weight, as determined by the Forest Department, must be accepted. Should any deficiency be found when weighing, the value of the deficiency will be refunded to the purchaser or if an excess is found, it shall be paid for by him.

10. The purchaser shall bear the cost of weighing at the time of delivery.

11. No purchaser may remove any wood until he has paid for the full quantity purchased.

12. Special arrangements will be made if required to secure military facilities to the purchaser for the transport of their material by rail.
